Data Dictionary

The data dictionary provides the description of each column in the file.

Column Name	Column Description
API-NUMBER	This data item is assigned by the Commission to the well bore. The first three characters are the Texas county code for the county where the bore is located. The last five characters are assigned as a unique number. This number, in combination with the county code, creates a unique number for each bore in the state of Texas.
WELL-KEY	
OIL-OR-GAS-CODE	This code indicates whether the information that follows is for an oil lease or a gas well. Oil lease value 'O' Gas well value 'G'
DISTRICT	The district sequence number. This is the internal representation of the actual district number of the P4 record that was updated. District Code District Number 01 01 02 02 03 03 04 04 05 05 06 06 07 6E 08 7B 09 7C 10 08 11 8A 12 8B 13 09 14 10
LEASE-NUMBER	A five-digit oil lease number padded with a leading zero

Column Name	Column Description
	or a six-digit gas well identification number; it is assigned by the RRC.
WELL-NUMBER	This data item contains a six-digit number assigned by the Operator. The first byte may be alphabetic, numeric or blank. The second and third bytes may be numeric or blank. The fourth byte may be numeric. The fifth or sixth bytes may be alphabetic or blank. If the third byte is blank, the second byte must be blank and the first byte may not be numeric. The well number is required on all reports by well.
ON-OFF-SCHED-INDICTR	<p>This code indicates whether the information that follows is for an oil lease or a gas well.</p> <p>On Schedule value 'N' Off Schedule value 'Y'</p>
CERT-EFFECTIVE-FLAG	This data item is a one character flag which will contain either a value of 'Y' or 'N'. A value of 'Y' indicates that since designation of the well bore this or another completion in the well bore has been tested and a "3-Year Inactive Well Bore" Certification has been issued.
FIELD-NUMBER	This data item contains the RRC-assigned identifying number of the field in which the lease is currently located.
OPERATOR-NUMBER	This data item contains the RRC-assigned P-5 number of the company listed as the current operator of the lease on the Form P-4.
ORGANIZATION-NAME	Organization name as filed on RRC Organization Report Form (Form P-5).
ADDRESS-LINE-1	Organization address line 1.
ADDRESS-LINE-2	Organization address line 2.
ZIP-CODE	Organization zip code.
ZIP-CODE-SUFFIX	Organization zip code suffix.
CURR-PHONE-NUM	This data item contains the operator's primary phone number. The first three characters are the area code. The last seven characters are the local phone number.
DESIGNATION-EFFECTIVE-DT	This data item is a six character date in century, year, month format representing the first date the well becomes eligible for certification for tax exemption.
DESIGNATION-DATE	This data item is a six character date representing the Date the well becomes eligible for certification for tax Exemption. Format: CCYYMM
CERTIFIED-INDICATOR	This data item is the flag if wellbore was certified to a tax credit for senate bill 126.
