

**RAILROAD COMMISSION OF TEXAS  
HEARINGS DIVISION**

**OIL AND GAS DOCKET NO. 08-0234883**

---

**APPLICATION OF ABRAXAS PETROLEUM CORP. TO CONSOLIDATE VARIOUS  
ABRAXAS FIELDS INTO THE ABRAXAS (CHERRY CANYON) FIELD AND AMEND  
THE FIELD RULES FOR THE ABRAXAS (CHERRY CANYON) FIELD, WARD  
COUNTY, TEXAS; DISTRICT 08**

---

**ORDER NUNC PRO TUNC**

On July 8, 2003, the Railroad Commission of Texas ("Commission") issued a final order after the above proceeding having been duly submitted to the Commission at conference held in its offices in Austin, Texas. The order approved the consolidation of various fields into the Abraxas (Cherry Canyon) Field and adopted new field rules.

The Commission finds that, due to a clerical error, the Findings of Fact in the Final Order entered on July 8, 2003, did not match the ordering provisions. The Findings of Facts state that the consolidated field should have a correlative interval of 4,640' to 7,430', while the ordering provisions restated the original correlative interval of 5,603' to 6,922'.

Accordingly, it is **ORDERED** that the ordering provision in the Final Order issued in this proceeding on July 8, 2003, is hereby amended *nunc pro tunc* to reflect that the Commission adopts the following corrected ordering provision, as follows:

**RULE 1:** The entire correlative interval from 4,640' to 7,430' as shown on the Laterolog of the Abraxas Petroleum Corp., Caprito 98 Well No. 2R, Section 98, Block F of the G&MMB&A Survey, Ward County, Texas, shall be designated as a single reservoir for proration purposes and be designated as the Abraxas (Cherry Canyon) Field.

**The original Final Order and Hearing Division's Unprotested Master Order remain final and effective as of July 8, 2003, the date the original Master Order was signed.**

It is **ORDERED** by the Commission that this order is final and effective on the date the order is entered.

Signed January 30, 2024.

**Railroad Commission of Texas (Order approved  
and signatures affixed by Hearings Division  
Unprotested Master Order dated January 30, 2024)**
