# Introduction

## Overview

An RRC Access Management Process (RAMP) account allows you to have a single set of sign-in credentials for multiple RRC applications. At this time, you can only access the RRC CASES and PIPES Portal applications. In the future, other RRC applications will be accessible using RAMP.

There are two types of accounts in RAMP:

- **Delegated Administrator** - Creates and maintains Standard User accounts for those with their company who need to file forms and perform other work via applications available through RAMP. See RAMP Administrator Guide for more information.
- **Standard User** - Creates and submits filings and makes payments through applications available in the RAMP.

This guide is for Standard Users.

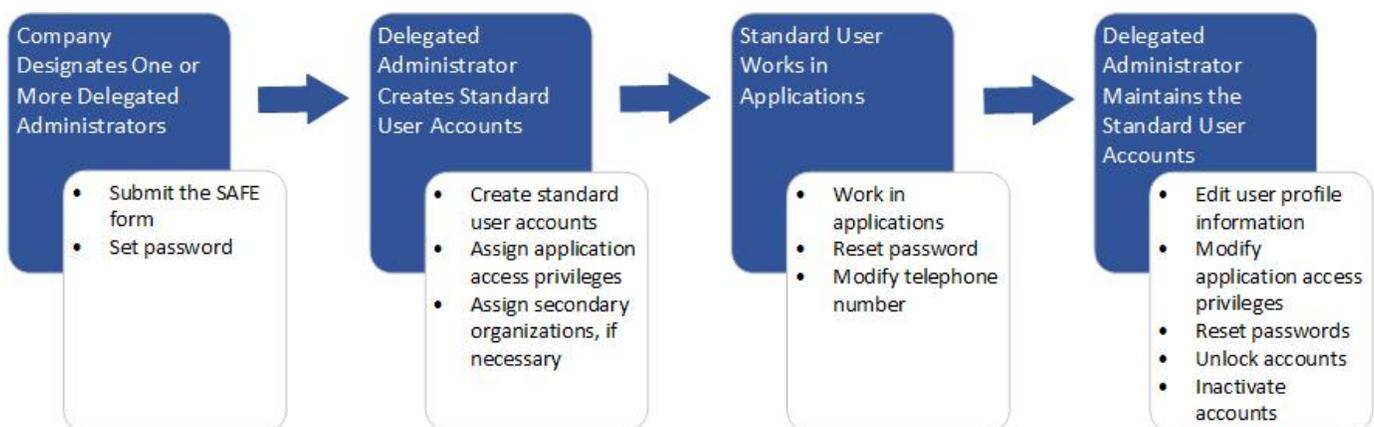

## Getting an Account

Each company must have at least one Delegated Administrator. To become a Delegated Administrator, please complete the online Security Administrator Form – External (SAFE form). For more information, see the RAMP Administrator Guide.

If you need to become a Standard User, contact your company's Delegated Administrator.

**NOTE:** If you are not sure who is your company's Delegated Administrator, then send a request to the RRC at [rrconline-security@rrc.texas.gov](mailto:rrconline-security@rrc.texas.gov) asking for a list of the Delegated Administrators for your company.

The graphic below shows the overall process for creating and managing RAMP accounts.

**NOTE:** If you need to file on behalf of another company, contact your company's Delegated Administrator. They can assign any additional companies as secondary organizations. See the [Filing on Behalf of Another Company](#) section of this user guide.

# Standard Users

## What is a Standard User?

Standard Users can use the applications available via RAMP to which a Delegated Administrator in their company has given them access. At this time, only the RRC CASES and PIPES Portal application is available through RAMP. In the future, other applications will become available.

## Becoming a Standard User

To become a Standard User, contact the Delegated Administrator for your company. If you do not know who in your company is a Delegated Administrator, you can contact the RRC at [rrconline-security@rrc.texas.gov](mailto:rrconline-security@rrc.texas.gov).

Once your company's Delegated Administrator creates an account for you, you will receive an Account Setup email and be prompted to set your password. After you set your password, you will be able to use your email address and password to sign into applications to which you have been given access and to the RAMP Dashboard.

## Signing In

As a Standard User, you can sign into the RAMP Dashboard to perform certain tasks to change your password or phone number.

1. Navigate to the RAMP Dashboard sign-in page.

**RRC SIGN IN**

User Name

Password

**SIGN IN**

[Forgot Password](#)

**RRC SIGN IN**

The RRC Sign In allows authorized users to electronically file permit applications, forms and documents with and submit fees, penalties and other payments to the Railroad Commission of Texas (RRC).

**ACCEPTABLE USE POLICY**

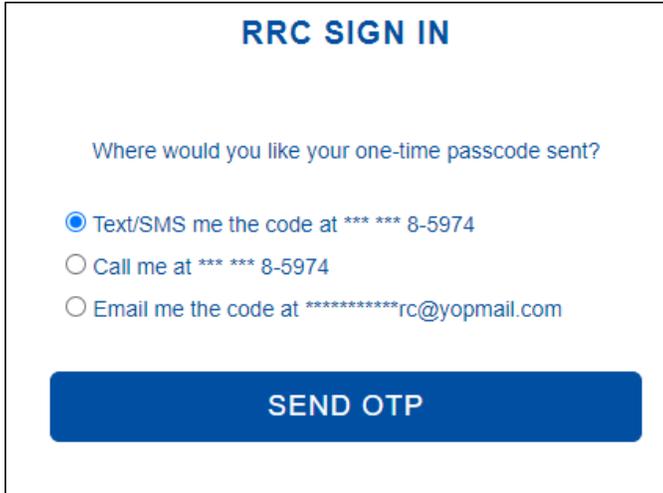

Unauthorized access to this computer system is prohibited. Evidence of criminal liability will be provided to law enforcement agencies. This system is subject to monitoring and stored data may be accessed and recorded. Anyone using this system consents to monitoring and should have no expectation of privacy except as otherwise provided by applicable privacy laws. Use of this system indicates your acknowledgement of and consent to comply with the agency's [security policies](#).

**ACCESSIBILITY**

The RRC is committed to making its website and applications accessible to all users. For more information on accessibility, reference the agency's [Accessibility Policy](#).

2. Enter the email address associated to your account.
3. Enter your password.
4. Click **Sign In**.
5. If it is the first time you have signed in from your device, you will be asked to perform a multifactor authentication.
  - a. Choose to receive an authentication code by text/SMS, phone call, or email.

**RRC SIGN IN**

Where would you like your one-time passcode sent?

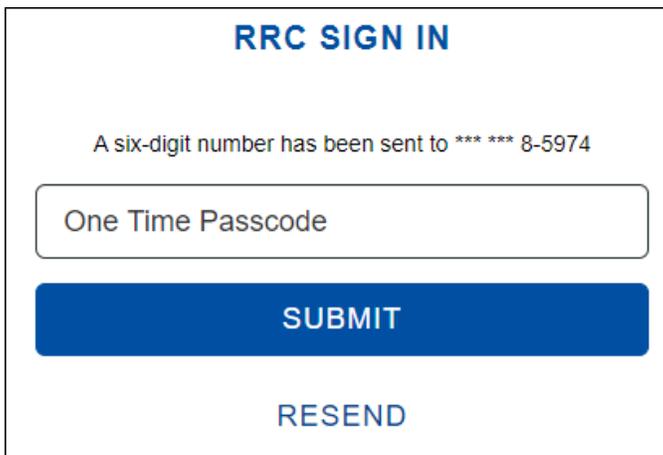

Text/SMS me the code at \*\*\* \*\* 8-5974

Call me at \*\*\* \*\* 8-5974

Email me the code at \*\*\*\*\*rc@yopmail.com

**SEND OTP**

- b. Click **Send OTP**. An authentication code is sent by text/SMS, phone call, or email.
    - c. Enter the authorization code.

**RRC SIGN IN**

A six-digit number has been sent to \*\*\* \*\* 8-5974

One Time Passcode

**SUBMIT**

RESEND

- d. Click **Submit**.

- e. Select **Yes** to save the device to your profile.

The image shows a dialog box titled "RRC SIGN IN". Inside the box, the text asks "Would you like to save this device to your profile?". There are two radio button options: "Yes" (which is selected) and "No". At the bottom of the dialog box is a large blue button labeled "SIGN IN".

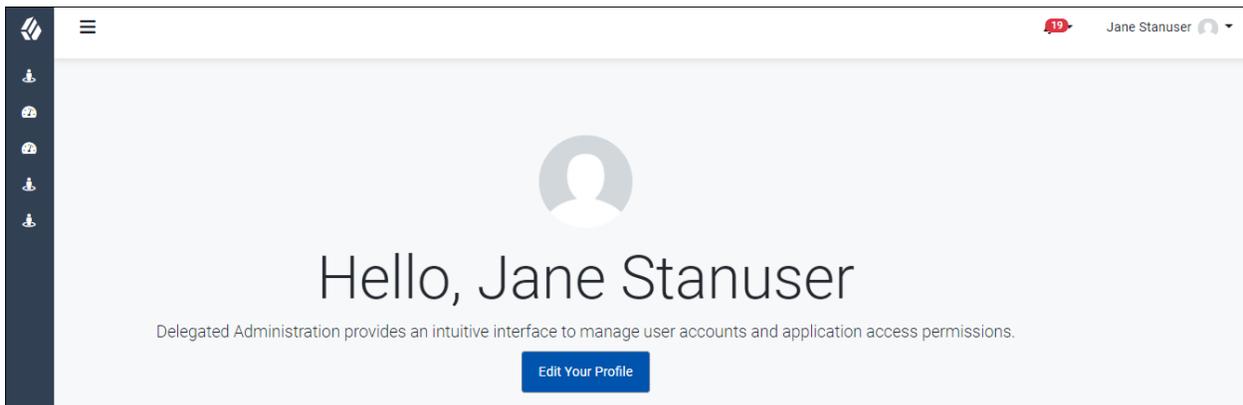

**NOTE:** If you save the device to your profile, you will not need to perform a multifactor authentication the next time you sign in. You can save up to five devices to your profile.

- f. Click **Sign In**.

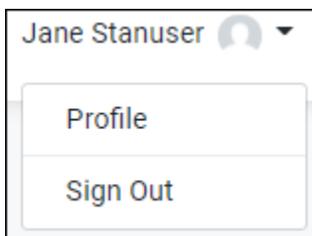

## Resetting Your Password

As a Standard User, you are required to change your password at least every 150 days. You will receive an email notification before the 150-day deadline.

1. Log in to the RAMP Dashboard.

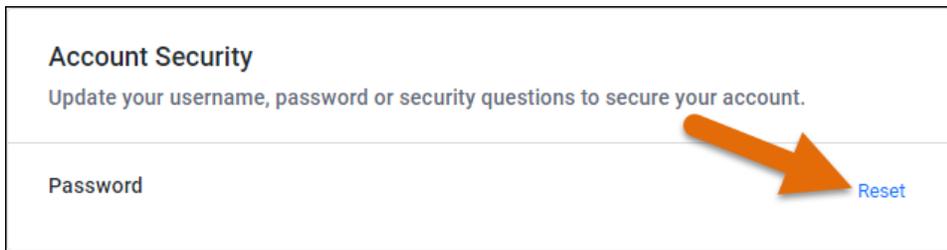

2. Click your name in the top right corner.

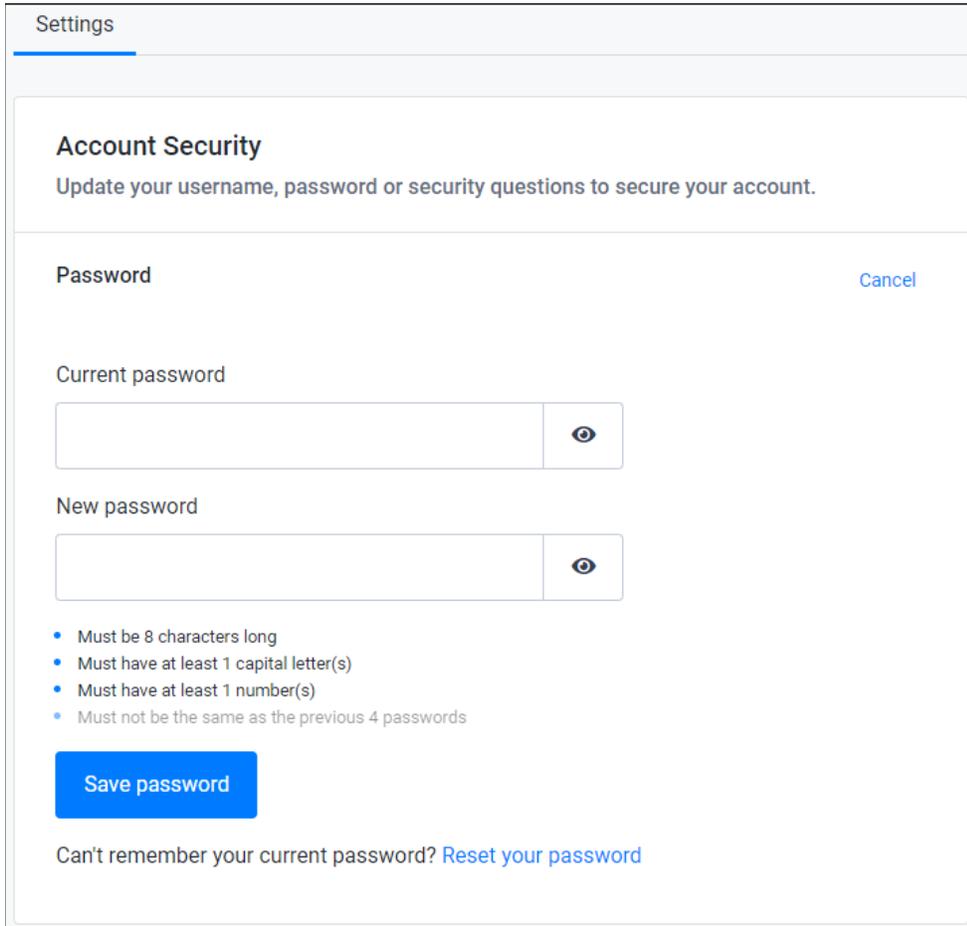

3. Select **Profile**.

4. In the *Account Security* area, select **Reset** in the *Password* row.

The screenshot shows a section titled "Account Security" with the instruction "Update your username, password or security questions to secure your account." Below this, there is a row labeled "Password" with a blue "Reset" link to its right. An orange arrow points from the right side of the "Account Security" header area towards the "Reset" link.

The *Password* area expands.

The screenshot shows the "Settings" page with the "Account Security" section expanded. It contains a "Password" section with a "Cancel" link. Below the "Password" header are two input fields: "Current password" and "New password", each with a toggle icon for visibility. Below the input fields are four bullet points listing password requirements: "Must be 8 characters long", "Must have at least 1 capital letter(s)", "Must have at least 1 number(s)", and "Must not be the same as the previous 4 passwords". At the bottom of the section is a blue "Save password" button and a link: "Can't remember your current password? [Reset your password](#)".

5. Enter your *Current password*.
6. Enter your *New password*.
7. Click **Save password**.

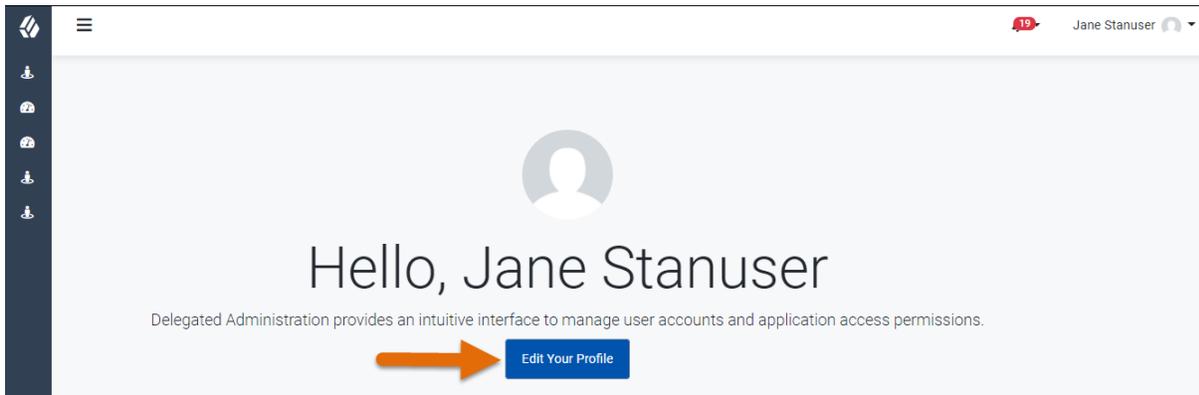

If your account is locked because you do not change your password by the deadline, contact your company's Delegated Administrator for assistance.

**NOTE:** If your account is locked because the wrong credentials were entered when signing in, contact your Delegated Administrator to unlock your password.

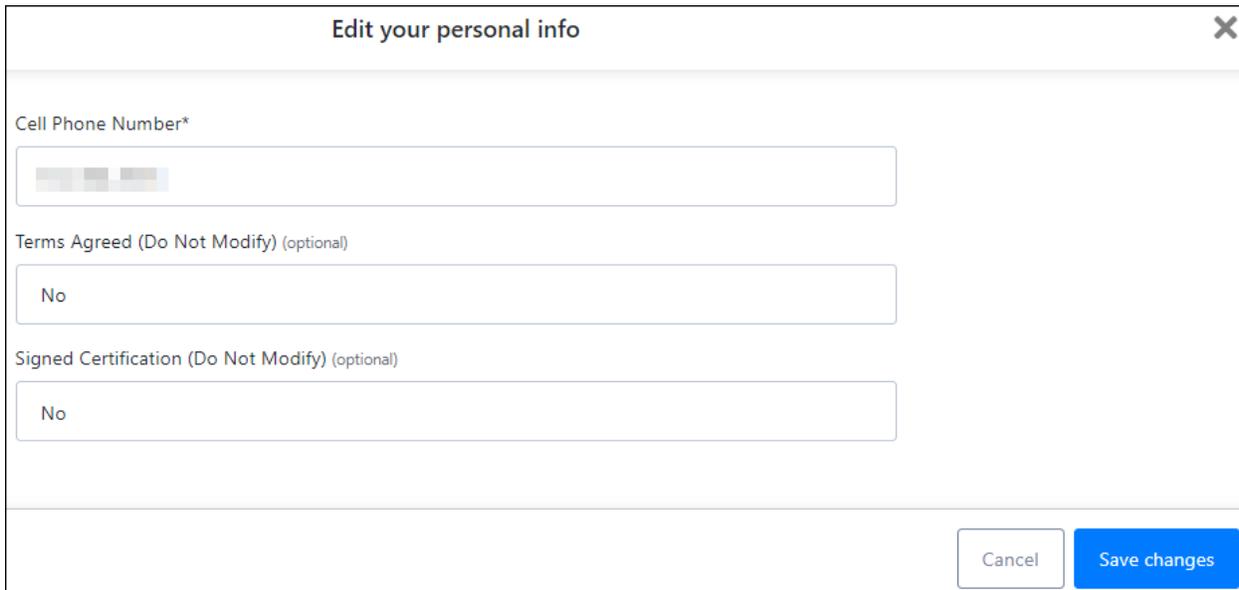

## Changing Your Phone Number

As a Standard User, you can change your own phone number in your profile information. This phone number can be used for multi-factor authentication the first time you log in from a device.

1. Log in to the Standard User Dashboard.

2. Click the **Edit Your Profile** button.
3. Enter the correct phone number in the *Cell Phone Number* Field.

A screenshot of the 'Edit your personal info' form. The form has a title bar with a close button (X) in the top right corner. It contains three input fields: 'Cell Phone Number\*' (with a blurred placeholder), 'Terms Agreed (Do Not Modify) (optional)' (with 'No' selected), and 'Signed Certification (Do Not Modify) (optional)' (with 'No' selected). At the bottom right, there are two buttons: 'Cancel' and 'Save changes'.

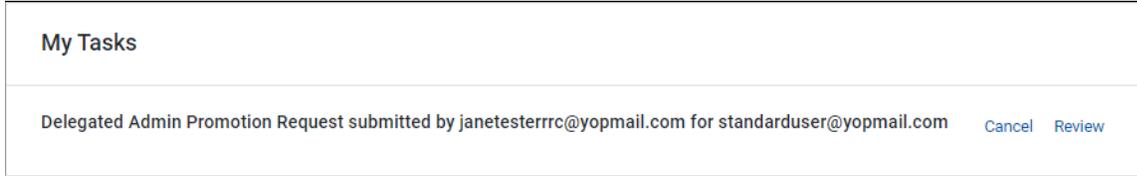

**NOTE:** The *Terms Agreed* and *Signed Certification* fields also display on this page. Do **not** modify these fields.

4. Click **Save Changes**.

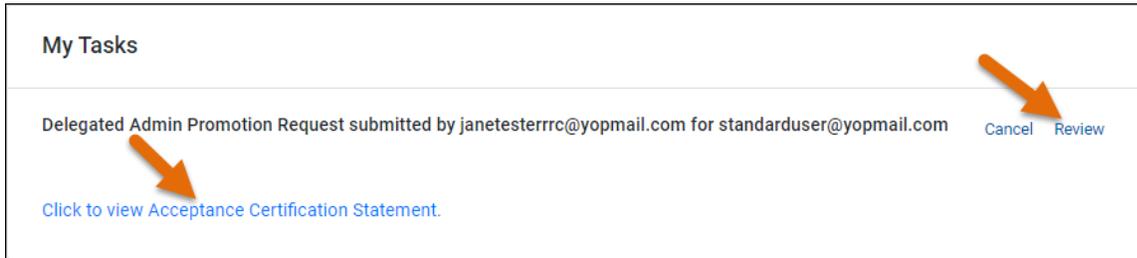

# Accepting the Delegated Administrator Certification Statement When Promoted

A Delegated Administrator for your company can request that you receive Delegated Administrator privileges. After the Delegated Administrator submits the request, you will need to accept the Delegated Administrator Certification Statement in RAMP.

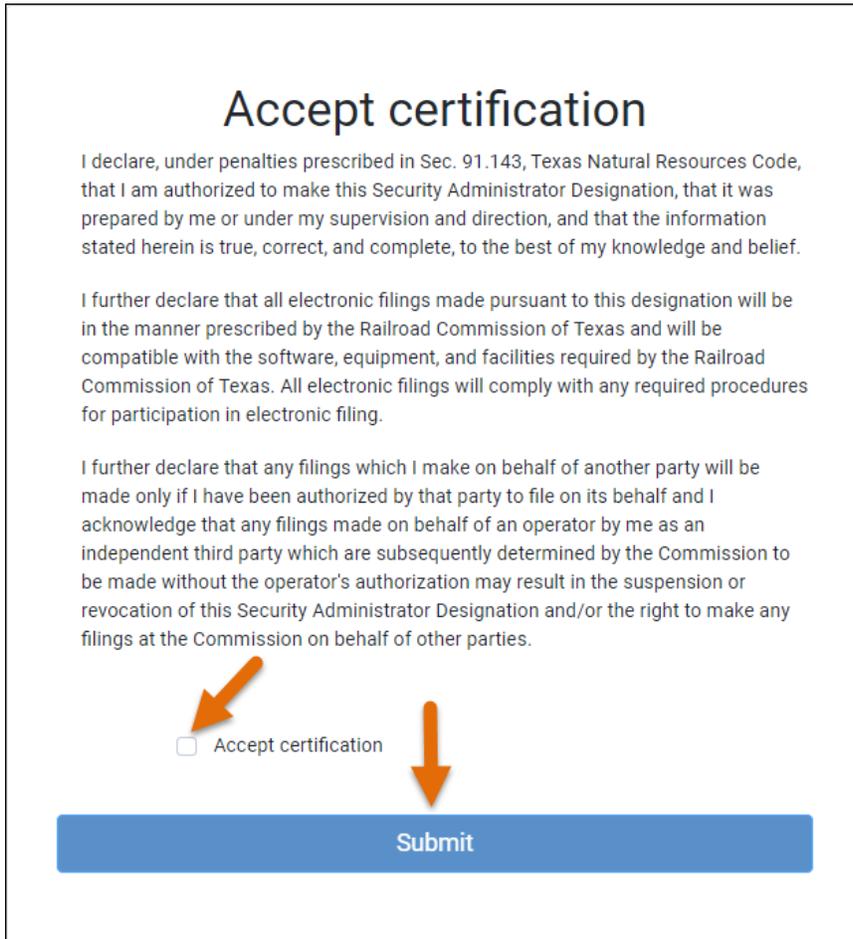

1. Log in to the Standard User Dashboard. In the *My Tasks* list, a *Delegated Admin Promotion Request* task will be listed.

2. Click **Review**.

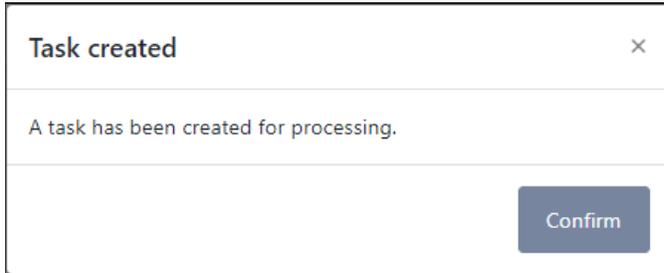

3. Click the **Click to view Acceptance Certification Statement** link. The *Accept certification* page displays.

4. Select the **Accept certification** checkbox.
5. Click **Submit**. A *Task created* dialog box displays.

**NOTE:** There may be a short lag after clicking the *Submit* button. Do **not** click the *Submit* button twice. Wait several seconds for the request to process.

6. Click **Confirm**.

When the promotion request is approved by the RRC, you will receive an email notification.

**NOTE:** You must click the *Back* button in your browser window to return to the Dashboard.

## Filing on Behalf of Another Company

Consultants, attorneys, and other non-operators may need to file on behalf of another company. Also, in some instances, an operator's employees may need to file on behalf of a related company, such as a subsidiary.

Your company's Delegated Administrator can add secondary organizations to your Standard User account to allow you to file on behalf of the secondary organization.
