INCENTIVE RATE PROGRAM

~~Carrier is offering an incentive rate program for movements made under the Base Rates set forth in this tariff; movements made by a Committed Shipper in a month under the Committed Shipper rates do not count towards qualification for the Program. Any shipper that ships the number of barrels set forth in one of the volume tiers below at the Base Rate during a month, on a total monthly basis, will qualify for the transportation rate for that tier for all of the movements the shipper makes in the month under this tariff. Barrels that a shipper ships in a month at the Base Rate under this tariff, as well as those that the shipper ships at the Base Rate under (i) Arrowhead Eagle Ford Pipeline, LLC TRRC Tariff No. 2.29 and (ii) Arrowhead Eagle Ford's FERC No. 2.7 (including subsequent reissues of these tariffs) will be used to determine if a shipper meets the volume tier requirement. The rates below may be subject to indexing each year.~~

Volume Tier	Incentive Rate (Cents Per Barrel)
10,000—25,000 barrels per day	87.45
25,001—50,000 barrels per day	80.65
50,001 or greater barrels per day	72.83
