

This file is continuously updated as soon as new construction reports are received.

Current through August 30, 2012 Last [revisions](#) 6/29/12

If a T-4 permit number is listed as 00000, it is not yet permitted or added to an existing permit. Permit numbers pending at time of report are entered into the "Changes" column when issued.

(If the number is 99999, the system is distribution, which does not require a permit.) Typos corrected as discovered.
